Our **Legal Fees**

Conveyancing Fees

Our fees for residential property work are based on a straight-forward transaction of a freehold property involving one mortgage lender.

We will do our best to provide an accurate quote at the outset, but some issues may not arise until work commences.

Therefore, we may find it necessary to increase our fee if it becomes apparent that any further work is required over and above what was quoted initially. In many cases, no additional charges arise, but where they do, we will inform you straight away. Any additional fees will be included in our completion statement and will be payable on completion.

The information below gives you further details on additional fees that may become applicable.
